Education

Northwestern University, McCormick School Of Engineering, Chicago, IL
MS in Engineering Design Innovation | **Current Student**

Sep 2026 - Sep 2028

Parsons School of Design, New York, NY
BFA Design & Technology | **GPA: 3.93**

Aug 2022 - May 2026

Internships

AI-robotics Technology Co., Ltd, Beijing, China
Product Service Design Assistant

Jun 2025- Aug 2025

- Publishing user survey questionnaires and collecting backend feedback from 103 users across different regions.
- Managing the UI and error reporting for the company's main site, resolving bugs, and testing UX logic.
- Promoting client products and conducting competitive research on over 20 similar, comparable rehabilitation devices/enterprises.

IKEA China

Jun 2024 - Jul 2024

Visual Merchandising Team Intern

- Supporting the Visual Merchandising Team by collecting and organizing over 120 pieces of materials and reference data for vignette exhibitions.
- 3D building more than 15 detailed 3D Nordic-style kitchen furniture layout models in SketchUp.
- Providing face-to-face seasonal informational support to over 40 customers about the area, discounts, and promotions at IKEA.

XAUAT - Robotic and CNC Fabrication Laboratory, Xi'an, China
3D Parametric Product Design Intern

Sep 2023 - Sep 2024

- Collaborating with faculty and students to design (Rhinoceros) and print over 20 cat shelters for stray cats in the city.
- Participating in long-term market research exploring the commercial potential of large-scale parametric spatial installations.
- Co-developing user-centered 3D-printed spatial installations using industrial robotic arms and optimize spatial experience and structural integrity.

Brokencigs, New York, NY
Game Design Intern

Sep 2023 - Mar 2024

- Designing 3-5 level storylines for the game's virtual environment and providing creative continuity.
- Conducting more than 10 beta tests to ensure smooth UI functionality and seamless progression.

Shanghai E-pub 360

May 2023 - Aug 2023

HTML-5 / Midjourney User Experience Design

- Generating multiple mainstream-related interactive media short videos using Midjourney via WeChat Mini Programs.
- Designing a series of wedding attire change templates themed around traditional Chinese festivals such as the Spring Festival, Mid-Autumn Festival, and Dragon Boat Festival.

Relevant Experience

MIT Reality Hack 2025, Volunteer

Jan 2025

- Coordinating event logistics, managing scheduling, conference setups, and operational details to support participants.
- Facilitating guest experience, assisting with catering, directing special guests and judges, and ensuring smooth event flow.

Newview Awards 2024, New York - Tokyo

Aug 2024 - Dec 2024

- Creating artistic and innovative XR/VR/AR experience using Unity and Styly.
- Implementing spatial computing to transform real-world space and data into 3D environments, viewed through Apple Vision Pro.

American Red Cross Training Services, Trainee

Mar 2023 - Apr 2023

- Receiving skills training in critical emergency response, providing immediate aid for adults and children, including administering age-appropriate CPR using the standard 5-step assessment and 30:2 compression-to-breath technique to ensure safe and effective intervention.

Korea- Japan Youth Conference

Jul 2021 - Aug 2022

- Fostering thought-evoking dialogues between around 100 young people from Korea, China, and Japan to address contemporary issues stemming from historical conflicts.
- Organizing and facilitating online and in-person events in Tokyo.

Skills

Language: Chinese, Japanese, English

Software: Gen AI/ Vibe Coding (ChatGPT, Claude Code, Google Colab, Midjourney, Cursor, Prompt-engineering)

Adobe Series: (Photoshop, Premiere-Pro, Illustrator, After-Effects, Aero);

3D-modelling: (Unity, Blender, Rhino, SketchUp, Nomad, Shapr3D, Maya);

Programming (JavaScript, Python, GitHub, HTML/CSS); Interactive Arts (P5.js, TouchDesigner, Newartcity), etc.
